To: AKMMeadville Electronics (Xiamen) Co., Ltd. Printed Circuit Board Customers

Re: Statement on Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS)

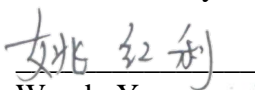

Dear Valued Customers:

Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) is a group of chemicals composed of thousands of substances with Persistence, long-distance migration, toxicity and bioaccumulation characteristics. Considering the harm of perfluorinated compounds to humans and the environment, more and more countries and international organizations have proposed or passed laws restricting the use of PFAS, such as Stockholm Convention, EU REACH, EU POPs, US TSCA, US TPCH, China POPs, Japan's Chemical Substance Control Law etc.

AKMMeadville Electronics (Xiamen) Co., Ltd., and all its wholly owned subsidiaries (1), is a "build to print" manufacturer that builds unpopulated printed circuit boards (bare boards) that are specified by our respective customers. As of the date of this statement, all raw materials used for AKMMeadville bare boards do not contain or intentionally add PFAS or PFHxA ingredients except for that the Rogers PTFE product - copper clad laminate EXP RO3000 and Taiflex white Coverlay FHW1025. Please note that while every effort is made to ensure the data is accurate and complete, the above stated information is based on the PFAS & PFHxA survey results of our raw materials suppliers instead of the test or analysis and assessment.

Should there be any queries over the aforementioned information, please contact your AKMMeadville Electronics (Xiamen) Co., Ltd. Representative(s) accordingly.

Yours sincerely,

Wendy Yao

Manager, Quality Management & EHS Management System

致: 安捷利美维电子(厦门)有限责任公司印刷电路板客户

关于: 全氟和多氟烷基化合物声明

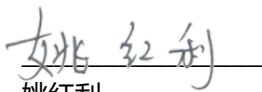

尊敬的客户:

全氟和多氟烷基化合物(PFAS)是一组化学品,由成千上万种物质组成,具有持久性、远距离迁移性、毒性和生物累积性。考虑到全氟类化合物对人类和环境的危害,越来越多国家和国际组织已提议或通过了限制使用PFAS的法律,如斯德哥尔摩公约,欧盟REACH法规,欧盟POP法规,美国TSCA,美国TPCH,中国POPs,日本化审法等。

安捷利美维电子(厦门)有限责任公司,及旗下全资子公司(1),作为“按图制作”的生产商,是按照客户指定要求生产未贴件的印刷电路板(光板)。截至本声明发布之日,除罗杰斯的PTFE产品-覆铜板EXP RO3000和台虹的白色覆盖膜FHW1025外,我司产品所使用的原材料均不含或未故意添加PFAS或PFHxA物质。请知悉,我们会尽最大努力确保数据的准确性和完整性,但以上声明信息是基于原材料PFAS与PFHxA调查结果而并非基于测试或分析评估而来。

若贵司对此信息有任何疑问,请联系贵司之安捷利美维电子(厦门)有限责任公司代表。

此致

姚红利
